<b>Projects</b>	<b>2</b>
<b>Design</b>	<b>2</b>
<b>Planning</b>	<b>2</b>
<b>Management</b>	<b>2</b>

This Project Guide offers an overview of all the documentation and resources related to this project.

This website is for developers. The regular pubgem website is <http://www.pubgem.com>

## Communication

- Website - <http://project.pubgem.com>
- Wiki - GitHub
- Chat - IRC #pubgem on freenode.net - Slack
- Mailing List - Google Groups
- Video Chat - Google Hangouts

## Development

- Kanban Board - HuBoard
- Source Code Repository - GitHub
- Continuous Integration - Travis CI

## Projects

- [rss-aggregator repo testing](#)

## Design

A Model-View-Controller architecture is designed in terms of these documents. The ERD corresponds to the **Model**, the Wireframes correspond to the **View**, and the Flowcharts correspond to the **Controller**.

- [Architecture \[zip\]](#)
- [Entity Relationship Diagram \[zip\]](#)
- [Wireframes \[zip\]](#)
- [Flowcharts \[zip\]](#)

## Planning

- [Charter \[pdf\] \[docx\] \[Presentation\]](#)

## Management

This is an agile project that is controlled according to these documents.

- [System Resources Diagram \[zip\]](#)
- [Agile Management Plan \[pdf\] \[docx\] \[Presentation\]](#)
- [Project Guide \[Presentation\]](#)
